YESHIVA UNIVERSITY

Social Work Practice with Trauma and Interpersonal Violence

SWK 6685

Sequence Chair: Lisa A. Henshaw, PhD, LCSW [Lisa.henshaw@Yu.edu](mailto:Lisa.henshaw@Yu.edu)

Spring, 2023

I. Course Description:

Trauma and Interpersonal Violence is a clinical course that examines trauma and interpersonal violence from a critical lens exploring the various types of traumas.

## II. Course Competency Outcomes:

By the conclusion of this course, students will be able to:

1. Demonstrate an understanding of the complex phenomena of trauma, including adult domestic violence, adult rape/sexual assault and child victimization and interpersonal violence, war, natural disasters, intergenerational trauma transmission, racial-based trauma, immigration, genocide, indirect trauma exposure and the complex effect on human lives (Competencies 2, 3, 6)
2. Demonstrate an understanding of the historical roots of movements and social/political forces influencing the field of trauma as well as related social policy informing social work practice with survivors of trauma and interpersonal violence (Core competencies 2, 3, 5, 6)
3. Critically articulate orally and in writing the effects of trauma and interpersonal violence on children, adults and communities, including post-traumatic stress disorders and complex reactions to trauma, in order to inform assessment and practice (Competencies 2, 3, 6, 7, 8)
4. Demonstrate mastery of knowledge and application of current intervention approaches including trauma-informed care principles, individual and group interventions, and community-based strategies (Core Competencies 6, 7, 8, 9)
5. Demonstrate critical development of self-awareness such that there is an understanding of the possible effect of trauma work on social workers, and an understanding of particular strategies to develop self-care and foster agency responsiveness (Core competencies 1, 5)

## III. Course Requirements

Reflection Assignment Instructor's discretion (see below)	10%
Class Attendance and Participation: <ul style="list-style-type: none"> <li>• Punctual attendance in all classes</li> <li>• Active, informed participation in class discussions</li> <li>• Completion of online canvas assignments</li> </ul>	20%
Midterm Assignment Understanding Trauma	35%
Final Assignment

B. Supplemental Texts:

Meisinger, S. E. (2009). *Stories of pain, trauma and survival: A social worker's experiences and insights from the field*. Washington DC: NASW Press

C. Additional Articles and Texts:

Additional

In 2-3 pages, please answer the following questions:

- 1.) Define selfcare(using empirical references or professional websites). What is the purpose of selfcare in social work?
- 2.) Why do you think it may be important for social workers practicing with survivors of trauma to develop a selfcare plan?
- 3.) Begin to think about your self-care plan and identify some concrete parts of your plan.

## Midterm Assignment–Due Class 7

### Understanding Trauma

The purpose of this assignment is for students to examine a type of trauma and a particular population affected by this trauma type, with conceptualization of a case example. Students

- ii. All papers must incorporate APA referencing within text using the author, date, and method. Papers must abide by APA guidelines, including: reference page, title page, 12 point font, Times New Roman font, double spacing and 1 inch margins.

(Core competencies 1, 2, 5, 6, 7)

Final Assignment– Due Class 13

Intervention Strategies for Trauma and Interpersonal Violence with Self-Care Plan
